JUNE has been an Athletics-fest for students at Murrurundi Public School. We held our own Athletics Carnival as well as visited Belltrees for the Upper Hunter Smalls Schools Carnival. The small schools carnival was a great day of competition with Blandford, Belltrees, Ellerston, Martindale and Rouchel students. Thank you to all MPS students who attended on the day and also family members who came along and supported their child’s learning and development in this important part of their education.

A special thankyou to the indoor and outdoor staff at the Murrurundi Office of UH Shire Council who organised the line marking and long jump pit at Wilson Memorial Oval for our Carnival. It helped the whole day to run smoothly and we truly appreciate having this support.

Throughout this term, students at Murrurundi Public School have been learning, in all key learning areas, facts and figures about dinosaurs. With the support of the P&C, students from K-6 were able to enjoy the incredible arena spectacular of Walking With Dinosaurs at the Newcastle Entertainment Centre. This theatrical stage show of documentary style took a look back some 200 million years where dinosaurs dominated life on earth. Students were amazed by life-sized dinosaur replicas which looked, sounded and acted as if they were real and we were on a journey back in time. This amazing experience will be something our students will hold with them for a lifetime.

This term another project has been completed with the assistance of our P&C - our new long jump pit. It looks fantastic and is a major improvement for our playground.

Our P&C has recently received funding from the Mercy Foundation to assist with holding a special program for children and their parents starting Kindergarten in 2012. If you are interested, please email the school to be kept informed—or watch this space!
